

## MANIFESTO – HOSTEL GENERAL SECRETARY

### ALAKANANDA HOSTEL, IIT MADRAS

Boddapati Purna Chandra Jagannadh Kumar

.....

#### My Initiatives :

- ❖ A complaint book at the entrance of the hostel which will be checked daily and necessary action will be taken within a week.
- ❖ A noticeboard for Post cards and Parcels which reduces time for our checking.
- ❖ Four new washing machines at the earliest and two more towards the end of tenure if budget permits. (If all are introduced at the same time they will stop working at the same time roughly. Presently three are working properly.)
- ❖ Sharing the budget with hostel residents monthly once.
- ❖ Name boards for every room.
- ❖ Purchase of at least six new water dispensers.

#### My Proposals to other secretaries (if they are not part of their manifesto.)

- ❖ I request Literary secretary to subscribe for “Nature” journal.
- ❖ I request Social secretary to setup a reading room for newspapers and trending magazines.
- ❖ I request Sports secretary to make sports kits and items available for students available at the security on producing ID card.( I request *them* because these duties are not under general secretary )
- ❖ I have seen our one of our Deer eating papers in front of our dearest hostel. Reasons are well known for that. Hence, I'll try to work to setup proper dustbins and proper waste management at the surroundings of Hostel so that their health is not affected by our very intervention. I request Health and Hygiene Secretary for this.
- ❖ I'll ask water cans carrying guy to monitor for the presence of water cans on dispensers twice more than he usually does.

#### Suggestions to me:

- ❖ .....
- ❖ .....

#### My Requests :

- ❖ I'll not respond during exam times, because my primary duty as a student is to study well.
- ❖ I do not beg for votes, as it is against my behaviour i.e., talking to people only when I require them or when I am need of them. Please understand.

#### Remarks :

- ❖ My manifesto is simply based on the problems I am facing and grievances I had.

Failure is simply the opportunity to begin again, this time more intelligently.” - Henry Ford
